Safety & Conditions of Use

To ensure that the Subiaco Primary School pool is safely enjoyed by all users and to comply with WA Department of Health rules and regulations, the following must be adhered to at all times:

- Entry is restricted to members only.
- Use of the pool is only permitted when an appropriately qualified Pool Supervisor/Lifeguard is present. All pool users must comply with the reasonable directions of the Pool Supervisor/Lifeguard.
- Children under 12 years of age must be accompanied by and supervised in the pool area at all times by an adult (a person 18 years of age or over). Vigilant supervision of young children and those who are not water competent is a strict requirement for the supervising adult, who has the primary duty of care of the child(ren). An adult may supervise up to 6 children at any one time (at the discretion of the Lifeguard, taking into account such factors as swimming ability and total number of swimmers in the pool).
- Pool users are strongly advised to be familiar with standard resuscitation procedures, details of which are displayed in the pool area.
- As the pool is shallow, there is to be no diving or bombing into the pool.
- Be courteous toward others at all times. No jumping on other swimmers.
- Running on the paved area surrounding the pool is not permitted.
- No animals are allowed in the pool or school grounds at any time.
- The pool area is a glass and alcohol free zone.
- The maximum number of users in the pool at any one time must not exceed 80.
- Pool users are responsible for the removal of all litter upon departure.

Failure to comply may result in exclusion from the water or pool area and may result in temporary or permanent withdrawal of membership.

The Subiaco Primary School P&C Association (as Licensee) reserves the right to amend the pool conditions of use at its discretion. Members will be advised of any such changes.
