

## 15 November Meeting

This week we held our final Board meeting for 2022, an open meeting for the Subiaco PS community. At this time of year, we are focused on Budget forecasting for 2023, the workforce profile, the Business Plan Review Cycle, and our standing item of Policy Review: this meeting focused on the Sun Smart Policy.

The meeting marked the end of my tenure as Board Chair and that of Kah Yee Loh as Parent representative. I speak on behalf of Kah Yee and myself and would like to say what an honour and privilege it has been to be part of the Subiaco PS Board. The Board is made up of an exceptional group of people including two teachers, members of the administrative team, current and former parents as community representatives. We take very seriously the role entrusted in us by the school community to contribute to good school governance so that school resources are used efficiently, and community expectations and the school's priorities reflect the needs of students. The successive Board Chair and new parent representatives will be announced shortly.
